Redux	AngularJS
HTML	PrimeNG
Git	Java
CSS	JavaScript
NPM	tailwindCss
web-pack	

Tools & processes

Jira
Bit bucket
Vs code
Agile methodology
OOPS

Hobbies

Fitness Activity
Trekking
Bike riding
Reading
Stock Trading

WORK EXPERIENCE

React Developer : Eclerx(PayPal)   12/2022 - 1/2024

◆ Our team was responsible for building a library of react components which then can later be used as per requirement in different Paypal pages which in turn helped the operation team to **build a web page in 40 % of the original time.**

◆ I was responsible for managing a squad in which I helped them to build PayPal pages according to their requirements.

React Developer : Cognizant   02/2019 - 09/2021

Car diagnostic application (BMW)

◆ Developed a web application for my client where they can diagnose a car which in the end helped our client in **reducing the time taken to fix it by 60 %** when compared to traditional method.

◆ Implementation of the audio player which helped to hear the audio from different sound sensors present in the car

◆ One of the main feature through which we reduced the time was by implementing amplitude vs time graph using D3 library which is then compared to our Shazam model and any difference when compared to this model gives us the clear indication to find the issue in the car.

Ticketing tool (Novartis)

◆ Developed a web application which helped the client to log ticket when the find any discrepancy in the data present in other web application within the organization.

Freelancing   03/2024

◆ I was responsible for contributing in an e-commerce website where I implemented payment portal using Slice and card functionality using Redux.

Personal Projects

◆ FACE RECOGNITIONWEB APPLICATION USING REACT: designed a web application in which when a user enter a URL of an human image it will recognize the face in the given image. The application also has a login page and a registration page.

Certification

◆ The Complete JavaScript	Udemy(07/22-10/22)
◆ Data Structure	Coding ninja (Present)
◆ Advance Embedded	HP (05/16 - 07/16)
